Volunteer requirement:

To continue our community spirit at Birchwood and to maintain the many projects and initiatives of the Parents Committee, all parents will be required to contribute five hours of volunteer service to the school yearly. The Birchwood Parents Committee in conjunction with the Birchwood administration has prepared a list of jobs that can be done at home or school, which will greatly benefit the operation of the school. Sign up for the volunteer work program will occur in late spring. The volunteer work is valued at \$40 per hour. Hence, if there is a work or time constraint which prohibits volunteer work, a donation can be given to the school in lieu of service hours.

Five hours = \$200.
